S I N C E 1 9 6 5

SP's first publication, the Military Yearbook that was launched in 1965 is regarded as an authoritative source of information not only in the Indian subcontinent and Asia, but the world over.

Four decades running.

SP's Military Yearbook is so unrivalled in the vastness and depth of its coverage that it is considered a truly indispensable reference document for the armed forces.

"The SP's Military Yearbook has been recording and analysing developments in the military and related fields within the country and all over the world.
